Collective Bargaining Coalition
c/o New Jersey State AFL-CIO
106 W. State St.
Trenton, NJ 08608

Dear Friends in Labor:

Allow me to reiterate my support for collective bargaining rights for New Jersey's working men and women.

All American workers have the expectation of fair compensation and safe working conditions thanks to efforts of generations of union members fighting for higher standards. Collective bargaining is the linchpin for these accomplishments. No state should be allowed to take away a right that is so fundamental to the establishment and prosperity of middle class America.

Collective bargaining is not an obstacle to the state achieving fiscal reform. I am confident fair bi-lateral negotiations will produce mutually beneficial ends. In my caucus room, on the floor of the General Assembly, and in dealing with the Governor, I will express my unequivocal support for collective bargaining rights.

Sincerely,

A handwritten signature in cursive script that reads "John F. Amodeo".

JOHN F. AMODEO
Assemblyman, District 2
