

Dear Constituent:

Knowing your concern about collective bargaining rights, we wish to update you on our efforts in the Legislature.

On March 14, 2011, we voted in support of AR-145. This resolution affirms that the General Assembly respects the collective bargaining process and embraces it as the best course of action for negotiating employee and employer relations and terms of employment, and urges the Administration to immediately begin negotiating in good faith with union representatives of State employees so a timely and fair contract can be agreed to between both parties.

We support collective bargaining. In fact, we were two of only three Republicans who voted for this resolution.

If you have any further comments or questions, please call us.

Sincerely,

JOHN F. AMODEO  
Assemblyman  
District 2

VINCENT J. POLISTINA  
Assemblyman  
District 2
