

New Jersey State AFL-CIO
Labor 2009 Walk Script

Hello, may I speak to _____?
[If the member is not home, speak with the adult].

Hi, my name is _____. I'm a volunteer from the union and I'm here to talk to you about the upcoming election.

Have you decided who you are going to vote for in the Governor's race?

If Corzine... Great! Your union strongly supports Jon Corzine for Governor.

If Christie....OK. Did you know that Christie wants to make it easier for insurance companies to deny paying for basic preventative healthcare procedures like mammograms, prostate cancer screenings, and childhood immunizations? Do you think that's a good idea? (Listen)

If Undecided... OK. A lot of union members have not yet decided.

We believe that a vote for Christie is a vote to return to the same failed policies of the Bush Administration. Did you know Chris Christie.....

- *Wants to make it easier for insurance companies to deny paying for basic preventative healthcare procedures like mammograms, prostate cancer screenings, and childhood immunizations?*
- *Has pledged to end Project Labor Agreements (PLAs) for public construction projects.*
- *Has promised to break union contracts, eliminate pensions and lay off thousands of state workers.*
- *Wants to cut taxes for wealthy corporations while slashing money from programs like education and Medicaid.*

Please visit www.TheRealChrisChristie.com to find out more about Chris Christie.

Thank you for your time
