Dear Casino Employee:

It is my understanding that an organizing campaign is currently underway in Atlantic City to organize casino dealers. As such, you will soon be faced with an important decision of whether you and your co-workers will unionize.

A labor union's sole purpose is to protect their members' rights and provide them with representation in the workplace. I recognize and support an employee's right under federal and state labor laws to participate in an organizing campaign. Additionally, I support your rights to decide whether or not you wish to join a labor union and fully anticipate that the collective bargaining process will proceed in a lawful manner.

I have had the privilege of working closely with the UAW and have a positive relationship with this union and think very highly of them and what they represent. I am confident that the UAW will continue to zealously represent its members to protect their rights.

Sincerely,

Robert E. Andrews
Member of Congress
