

WORKER/VOTER VOLUNTEER SAMPLE SCRIPT

Hi (name)

Can you do us a favor? We're trying to clean up our union's membership roster and we're asking every union member to fill out a new voter registration form.

Thank you.

WORKER/VOTER VOLUNTEER DO'S & DON'TS

DO'S

- < Be positive.
- < Smile.
- < Answer questions.
- < Be persistent. Respond to a "no" with "it's only 3 lines on a form" or "it only takes a minute."
- < Write legibly. Fill out the form for people completely, including phone number.
- < Have applicant sign and date the form.
- < Collect all completed forms at the worksite.
- < **Thank the registrant!**

DON'TS

- < Never ask, "*Are you Registered?*" People will inevitably say "yes" because it is embarrassing to say "no" or they don't want to take the time.
- < Never antagonize. Learn to tell when "no" really means "no."
- < Don't hand completed forms to election board. Give them **all** to the Worker/Voter Coordinator from your local.
- < Don't forget to have them sign and date the form.
