

GOOD JOBS NOW!

Make Wall Street

PAY

Big Wall Street banks brought on America's worst financial crisis since the Great Depression. While their actions destroyed Americans' jobs, homes and hope, the Big Banks got billions in taxpayer bailouts—and went back to business as usual. They gave their execs about \$145 billion in 2009 pay and bonuses, and now they're spending millions lobbying to kill financial reform. America is 11 million jobs in the hole.

It's time for Wall Street to pay to create the good jobs we need.

Join AFL-CIO President Richard Trumka to take this message right to one of the biggest, baddest banks of all.
